

Missions Action Camp

Junior Training Camps provide a fun filled and adventurous environment for young men to come together from many different outposts. They will get to practice working together to fine-tune their leadership skills along with learning new and relevant life skills related to the camp that they engage in.

The camps promote teamwork and shift attitudes from inward caring (selfishness) to outward awareness (servant hood).

This year's summer camp is **Missions Action Camp**.

MAC prepares you for home and world missions service. Topics range from construction skills to community outreach. Witnessing skills are taught and put to use in a visit to a local community or other ministry opportunities.

LOCATION

Camp Wilderness
3065 US Highway 17
Fort Meade, Florida 33841
United States
